**Annual Asbestos Management:**

This is to inform you of the status of Ohio community Schools District #17 & #505 asbestos management plans. It has been determined by the Illinois Department of Public Health and the Federal Environmental Protection Agency that asbestos is a potential health hazard, and precautions should be taken to avoid disturbing any asbestos containing materials.

The AHERA law requires that a visual surveillance of asbestos containing areas be completed every six months, and a re inspection conducted every three years. As required, our building is inspected on a regular cycle. Any evidence of disturbance or change in condition is documented in the Management Plan as required.

The Inspection/Management Plan is available for public review in the Maintenance Office, and the Superintendent’s Office. Should you wish to review the plans, please call to make an appointment between 9:00 am and 3:00 pm.

Any concerns relative to asbestos containing materials should be directed to the Ohio Districts trained and designated person, Bart Piper.

Sincerely,

Jason Wilt  
Principal
